

Hadley-Luzerne Alumni Newsletter

Volume 5 - 2001

2001 Alumni Banquet

The 2001 Banquet will be at the Ramada Inn, Lake George, NY. The Class of 1951 will be celebrating their 50-year anniversary. Other classes to be recognized are those who graduated in years ending in "6" and "1". **The date is Saturday, June 16.**

The banquet is for all alumni — not just those celebrating anniversary years. Special emphasis is placed on anniversary years, but all classes are invited and encouraged to attend. **Tables are designated for anniversary year classes – look for your table!**

The Association **DOES NOT** send out tickets or confirmations of reservations. You will receive a name tag with your table designation attached (if you are an anniversary year alumnus) when you arrive for dinner.

Hors d'oeuvres will be served at 6:00 p.m. with dinner and dancing to follow at 7:00 p.m. Please be sure to fill out the reservation form contained in this newsletter. **Reservation deadline is June 2, 2001.** If anyone is interested in overnight accommodations at the Ramada, call 1-518-668-3131. The Ramada is located at Exit 21 of the Adirondack Northway (Route 87).

"A Procrastinator suffers from hardening of the oughteries." Unknown

Hallowed Hall

The "Hall" is located in the entry-corridor of the Main School on Lake Avenue and is an ongoing project.

Thank you, Class of 1942

Several members of the Class of 1942 donated money in memory of classmate Dorothy Hurd. The money has been used for the case displaying their graduation year.

50-50 Raffle Winner

The winner of the 50-50 raffle held at last year's banquet was Cindy Doherty ('65) Fosberry. She won \$131.00. The Association portion of the

proceeds went to the "Hallowed Hall."

A country basket filled with assorted goodies was made and donated by Sally Gensel ('68) Deuel and served as a door prize. The winner was Barbara Sebald ('47) Rollman of Hadley.

Moving???

If you are planning to move please notify us of your address change. (HADLEY-LUZERNE CENTRAL SCHOOL, 27 Ben Rosa Park, Lake Luzerne, NY 12846) The Post Office will not forward bulk mail.

WE NEED YOUR INPUT For those of you who attended last year's banquet we would like to know if having colored balloons on your dinner card that matched the ones on the tables helped you find your designated seats? Also, any suggestions as to how to encourage/motivate the newest alumni to attend our banquet? We have thought of the possibility of having a Brooks Bar-b-que, to be held at the school, as our Alumni Banquet in the next few years. We thought that would give everyone the chance to see all the changes in the "old" building as well as have an opportunity to see our Hallowed Hall. What are your feelings on this? Also, what about having an afternoon dinner with a cruise on Lake George available for those who would be interested?

HADLEY-LUZERNE CENTRAL SCHOOL Alumni Web Page

David Cranston has been busy creating a web page where alumni information is available. The e-mail address is HLCSalumni-subscribe@onelist.com There is also a website designed to reunite high school and college alumni. The address is www.classmates.com. As of this writing there are presently 362 HL alumni signed up. Registration is free, but there is an annual membership fee. This fee enables you to access e-mail addresses. A message board is featured where alumni can leave messages. This might be a good way of helping us with addresses and also helping you find some of your classmates.

Superintendent Retiring after 34 Years at Hadley-Luzerne Central School

Clinton B. Freeman will be retiring June 30 after spending his entire teaching career at Hadley-Luzerne. Mr. Freeman began teaching elementary classes following his graduation from SUNY Plattsburgh in the fall of 1967. During his tenure in the District he also served as Elementary Principal, K-8 Principal, Middle School Principal, and ultimately Superintendent of Schools. We wish him and his wife Sandy (who retired from teaching at Corinth Central last year) a healthy and happy retirement.

New Superintendent Takes Over Leadership Role

The Hadley-Luzerne Central School District has appointed Nicholas Savin as their new Superintendent. Mr. Savin taught in Schroon Lake, Westport, and Liverpool, NY as well as Northern Tioga and Mansfield, PA. He served as a principal in Johnsbury Central and most recently was Assistant Superintendent at Stamford (NY) Central School. The search was an extensive one, with more than 50 applicants seeking the position. The Board of Education narrowed the field to ten, then asked the top eight candidates to undergo an initial interview. From those eight, four were chosen to go to our Shared Decision Making committees. The committees were comprised of: 1) students, 2) teachers, 3) support personnel, 4) administrators, and 5) Board members. Mr. Savin was the unanimous choice of all the committees. He will begin his tenure at Hadley-Luzerne Central School on June 4. He and his wife have three daughters, two in college, and the third a senior in High School who is on a Rotary scholarship to Australia. We are looking forward to welcoming Mr. Savin and his wife to our District.

Update on Renovation/Reconstruction at Hadley-Luzerne Central School

On the last day of school, June 23, 2000 the Middle School sustained major damage in a fire. The fire was deliberately set on the outside of the greenhouse and damages totaled nearly \$5,000,000. Thankfully, no one was in the building. Restoration work continued throughout the summer months and by opening day in September all students were back in the building. (The sixth graders had to spend several weeks in the gymnasium before their classrooms were ready.) The District is very thankful for the cooperation and hard work of all staff members and community volunteers. The Middle School is now "better than ever." The fire restoration was done keeping in mind the needs that would be encountered during the renovation project. This spring is an exciting time as work is progressing at the Middle school campus. The steel frame is up and work is ongoing with the intent being to allow the students to enter their "new home" when school begins in September. Second

and third graders will be moving to this new campus, which when completed, will house grades 3-8.

Renovation work is being done on the cafeteria in the Main School. The project calls for a separate eating area for the elementary and high school as well as more modern equipment. Also, *finally*, the science labs will be completely updated and moved to what has been called the fourth grade wing.

Necrology of Hadley-Luzerne Central School Graduates/Faculty

Several former classmates/faculty members passed away during the year. They include: George Evens ('35), Hal Gardner ('70), Henry Paul ('34), Clyde Hayes ('48), John Castle (Faculty), John Walsh ('60), Orlin Tremaine ('51), Joyce Ramsey ('43), Dorothy Hurd ('42), Kim White ('76), Lorreen Woodward ('52)

"Success is not forever and failure isn't fatal."

TEACHER FEATURE

Don Racette: "I will always be an Eagle! Although I have been gone from Hadley-Luzerne Central School since my retirement in 1990 I love hearing from former students. In fact, right off the bat, any of my former students who might like to contact me please email me at speechinstructor@aol.com. I taught at Hadley-Luzerne Central School from 1963 for 27 happy years. Loved not only the classes but of course did the school plays and yearbook. Since retiring I taught at ACC (Broadcasting), did a talk show on radio station WWSC. Then we moved south to South Carolina where we now live (1827 Juniper Drive, Conway, SC 29526). I still am teaching...part time as an Adjunct Professor at a technical college and teaching adult students who are in the process of pursuing new careers. I teach Public Speaking of course. Elaine, who many of you had for Music, is active in directing a kids' choir at the church she attends. You can't keep two Type A personality people like us silent. Hope we hear from you by email or letter. Elaine's email by the way, if you want to reach her directly, is elainerace@aol.com. Of course any staff from the "old days" feel free to contact us also."

Mary Claire (Shattuck) Noakes: I taught at Hadley-Luzerne Central School from 1965 to 1999. I spend my summers with my husband Alan at our motel, *Luzerne Court*, on Route 9N. Stop by our coffee shop where I cook and serve a real English breakfast to guests from all over the world. As the teachers and students returned to school in the fall of '99, Alan, my sister-in-law, and I took a 7500

mile trip across the continent by rail. Now that's the way to relax! We traveled south in 2000 to spend time in FL with my son John Brian and his family, stationed in the Navy at Panama City Beach. When I find time, quilting is a major hobby, entering shows around the State and even earning some ribbons. In March we loaded the luggage and traveled to Gaeta, Italy to see John Brain, now stationed there. Look forward to seeing you at the Alumni banquet in June. (Noakes@spa.net)

Wallace Philips: I retired in June, 1988 after thirty-three years of teaching in HADLEY-LUZERNE CENTRAL SCHOOL elementary school. I have enjoyed returning to school to read to the first graders at Christmas time and to help chaperone field trips every now and then. Retirement has been very busy with trips to Kansas, Massachusetts, and Liberty, NY to visit six grandchildren. My wife and I have also enjoyed trips to Ireland and Prince Edward Island. I also keep busy with writing, which I have always wanted to do. I am currently writing a "History of Major League Baseball" and I also work on family history. I very much enjoy volunteering for Caritas, an organization devoted to helping seriously ill elderly people in the local area.

Tom Roach: Having been retired from the HL system for almost six years, I would like to say that my 32 years at in HI and the community were filled with satisfaction, good times, and lasting memories. Talking with former students and friends from the school and community since my retirement is always exciting and rewarding. My wife Beverly and I have continued to run our summer businesses here on Lake George. We have shortened our Cottage business season and have taken advantage of some travel out west and our love of a winter escape to warmer climates have given us some very relaxing times in the West Indies and Central America. The days are spent reading books and snorkeling the reefs. My Adirondack Marine boat business has grown and with my son Jeff, and a qualified staff, they are able to keep the business "afloat" during my absence. I continue to enjoy fishing, hiking, and hunting without putting too much emphasis on the "take" and just enjoy being in nature. I will say that the day after I retired from the school system I found myself in Alaska fishing with some long time friends. Unlike the Adirondacks, it's necessary to fight to keep the fish *off* the hook in Alaska. Bev and I are now enjoying our two grandchildren and daily appreciate the beauty which surrounds us in the North Country. This winter, with a little "health glitch" and a new Chessy puppy we opted to stay close to home. Snow shoeing replaced the snorkel and flippers for this winter and this activity was enjoyable as well. Our youngest daughter and her husband and 10-month daughter live in CT where she has a part-time Chiropractic practice, our other daughter is a human resource manager for a software company in Clifton Park

and VA. Our son Jeff is a partner in the marina and he and his wife and three-year old son live in Warrensburg. I'd like to wish HL as well as the many fine graduates the very best for the future.

Jackie Woods: I began teacher (business subjects) at HL in 1951, when the "old" school was still standing downtown. I married Tom (a blind date!) and in time we had four children. After each child I would retire from teaching. The Administration kept calling me to come back and back I would go. Finally in 1968, when all our children were in school, I decided to keep teaching and teaching became one of the loves of my life. We also had a motel business for 28 years while I was teaching and we became involved with our childrens' achievements. I was active in Cub Scouts and helped my husband with the Explorers. I was treasurer of the Hillview Free Library in Diamond Point for 24 years and I have recently become chairperson for one of the local political parties in Hadley, where I now live. I teach church school and help with "whatever" at the Sacred Heart Catholic Church in Lake George. We have been avid skiers all of our lives and our family has skied most of the US plus Eastern Canada as well as the Canadian Rockies and Europe. Tom has taught all of our six grandchildren to ski. They are very much a part of our lives. We have traveled extensively with our most recent trip to the interior of the Canadian Yukon and Alaska, across the Arctic Circle – the most wonderful trip we have ever been on! We are now trying to golf. I always wondered why people would chase that little ball around and now I know!! I've recently become the Treasurer of the HL Retired Teachers Association. All you retired teachers out there, please come and join us. We have some good programs and good meals and **fun**. There is nothing like having fun – at any age!

MaryLou Hayes: Hi! I retired in 1983, after 32 ½ years at Hadley-Luzerne Central School, mainly in first grade. That summer I cleaned out "stuff," had a garage sale, and bought a doll house kit – the beginning of a fabulous time in the World of Miniatures. Three doll houses and many miniature room boxes later I had no more room, so I moved on to creating stunning creations for fashion dolls such as Barbie. After more than 150 dolls, I'm taking a break, doing ceramics and needlework, and trying to stay out of the hospital. 2000 was a bad year, but thankfully I'm so much better off than many others. I haven't been traveling as much as I did, even missed my yearly trip to CO to see my youngest and grandchildren. I do enjoy the grandchildren and great-grandchildren that are nearby. I've taught craft classes at various places, done some volunteering, and have enjoyed life. Did I miss teaching? Not really. I loved teaching, the children, my co-workers, but when the time came it was the beginning of a new life. Teaching children was very rewarding but so is this After Life!

Marie Scofield Hearn: To all my dear friends and former students at Hadley-Luzerne Central School: It seems like such a long time ago that I spent those days with you exploring the beauty of literature and poetry and the important nuances of citizenship. I can tell you now that I thoroughly enjoyed your jokes and your youthful give and take and also the fact that we were all learning and exploring our world together. And it never stops! My life has continued to open new challenges and learnings and satisfactions with travel and family and developing new skills. My next adventure will be in the company of my two daughters on an art exchange trip to Japan from 4/1-4/21, where we will exhibit our own work – watercolor paintings for me, Garry, my husband of 54 years, died 12/7/00 and we only wish he could share this adventure as he was the first in line for fun through all the years. Ask Dale Masner to tell you sometime about the day he and a buddy were playing hooky from school and hitchhiking to Glens Falls. Guess who picked them up? Garry Hearn, of course, and then they had to listen to a lecture all the way to Glens Falls! Lake Luzerne has always felt like a second home town to me and my memories are of all the good people who treated us so well: Tom Garner who loaned me his ski boots (his feet were very small!), Bill and Blanche Parker (Bill pulled us out of the mud near a beaver dam), the Plants who cooked for us every night when I was sick, Frank and Marie Gardner who saved every customer a surprise packet of meat when it was so scarce during WW II (we're talking old times here), Jack and Ruth Kramer, Hod Washburn (and Claire) who found us on the Internet to revive a long ago friendship, George and Bea Evens and the Norman Powers family. Too many friends to name and most of them students of Hadley-Luzerne Central School I'm sure. Thank you so much for giving me the fun of remembering that very special time and place.

George Smith: The HL Alumni Association is doing a great job! I enjoy reading your newsletters and pass them to my kids, all of whom are Hadley-Luzerne Central School grads. I taught Social Studies at HL from September 69 - June 85. These were enjoyable and enriching years for me. The atmosphere at HL was much friendlier and family-like than it was in the large suburban schools on Long Island where I spend the first half of my teaching career. During my first few years at HL, we were all in one building. I was impressed to see how the older kids looked after the little ones. Do you remember lining up to shoot foul shots in the gym after lunch? I recall Bobby Haak, Jim Ramsey, Billy Ives and other members of the Varsity making sure everyone had a turn! After retiring from HL, I taught two years at Mountainside Christian School in Hadley. Meanwhile, our three oldest children went to college in western NY and settled there. Then the grandchildren began arriving, Mary Lou and I decided to move out to that part of the State (we're about 30 miles S of Rochester) to avoid being long-range

grandparents. Out here I worked for a year in the government's VISTA program. Since then I have been involved with Literacy Volunteers of America as an administrator and fund raiser. We also keep busy with our grandchildren - number twelve is due in April. We miss the Adirondacks and use any excuse to take a trip back to Luzerne. I usually see some of the alumni who are still in the area and enjoy hearing about their lives.

Jackie Strassel Comeau: My husband Phil and I moved to St. George, UT in the summer of 1995. St. George is in the SW corner of the State. It is called the "Dixie" of Utah due to the climate and the fact that the pioneers tried (unsuccessfully) to raise cotton back in the 1800s. Today, (3/18) it was 72 degrees - I was weeding my cacti garden. Snow rarely is on the ground here but you can see it on the mountains that surround the area. Two of the National Parks in this southern area are Zion and Bryce Canyon - both beauties to behold. I am grateful that we moved when we did as we were able to get involved in many activities before Phil died. I continue with some of these activities and have added a few more to my plate. I serve on the committees of the three community Scout units that are here in St. George. I have been an instructor of AARP's Driver Safety Program for several years and in January, 2000 was appointed as State Coordinator for the program. This is a very challenging job - Utah is about 300 miles wide and 400 miles long. That's lots of area with a lot of little towns dotting the map, with lots of miles between towns as well. The position involves some traveling, not only within the State, but also to regional and national conferences which have taken me to Washington, DC, Dallas, TX, Portland, OR, and in the fall I will be going to San Diego, CA. However, that isn't all the traveling I do. I've become a seasoned airline traveler, visiting family and friends around the nation. Eventually, one of the trips will bring me back to Hadley-Luzerne Central School. I am looking forward to seeing all the new changes that are taking place this year. I do try to keep up with the news through the Post Star, which I check on-line daily when I'm home. My son Doug and his family live in Salt Lake City and Dan moved to NC last fall. It is always a pleasant surprise to get an e-mail from some of you or to receive a call from my former colleagues that are passing through the area. Thank you for inviting me to be a part of the newsletter. I have happy memories from HADLEY-LUZERNE CENTRAL SCHOOL/SMTMS.

John Pickens: I taught at HL from 9/60-6/88. Since my retirement I have been involved as a volunteer tutor at the Washington County Correctional Facility in Comstock, as well as the Literacy Volunteers of America. I have also done some tutoring for individual students attending HADLEY-LUZERNE CENTRAL SCHOOL. I have been on the Board of Directors of the Hadley-Luzerne Public Library for eight years. I classify myself a "sports nut!" I

was an avid fan of the Adirondack Red Wings and I follow the Yankees. During the winter I spend time skiing at Gore, and during the warmer weather golfing and tennis are my games. I have three grandsons, ages 5, 3, and 3 which keep both my wife and I busy as we spend quality time with them. Fond memories of HL include Social Studies field trips to NYC and Boston, directing the class play ("The Monkey's Paw"), chaperoning Senior trips, having the Yearbook dedicated to me in '65 and '85, and working with a great faculty and staff.

Helen Dejnozka: I taught at Luzerne from 1948-1951, left to have my son Jan and returned from 1952-1954 where I taught music and band. I moved to Round Lake, but came back in 56-57. Thirty miles was too long for me to commute so I planned to "retire." However, a last minute vacancy at Niskayuna made a 2-month retirement! Taught for three years, then took time off to have a daughter and returned to teach until 1985 - a total of 40 years in all! My most recent music involvement was a 7-year stint as organist and choir director at State Street Presbyterian Church in Schenectady. My husband died in 1988 and several years later I resumed a friendship with a retired artist-teacher whom I had met in 1959. He recently completed a four-year project of immense murals in our church's Fellowship Hall. I have had some contact with teachers and students in these past 40+ years, but have not been active in this regard. I am active in church work and have hobbies of swimming and gardening (both on a small scale). My son lives in MI with his lovely wife and two young daughters and my daughter and 2 ½ year old grandson lives in Saratoga where she is a free-lance harpist.

My memories of Luzerne include teaching over the grocery store and firehouse, trips to Conklingville on Thursday afternoons with the art teacher and nurse. The worst memory is the fire in the old school. The most amusing was watching Emerson Howe dunk his sousaphone under the furnace pipes in the basement of the old school! I have been glad to get the newsletter, thanks to Howard VanDusen. Does anyone have an address for Paul Meadows— from back in my time?

Doris Mix: I am presently living at an assisted living center not far from my home. My son and family (three children) live in Lynchburg, VA where he teaches at the University. The children range in age from 16 to 8. Give my regards to any of the "old timers" who might remember me.

Edith Hehr: Greetings from California! It's a long time since I left HL and the great East Coast for teaching adventures in CA and Germany. My years in those careers were pleasant and rewarding. However, and I say this truly, my happiest experiences as a teacher were during my time at Hadley-Luzerne. It's those years I remember with the warmest glow – the teacher pals and my great kids in Spanish and German. We had wonderful adventures on

our trips to Spain, at a time when class trips, especially abroad, were still a rarity. I admired the efforts of the parents to help their kids find the funds to go. I had a most happy experience just a month ago. Audrey Wisell Means ('77) visited me here in Santa Cruz. We had a great evening together. They made a special effort to visit me – the old teacher! So, for all the teacher colleagues out there, and we can say that we may not make much money, but we surely have fun and satisfaction in our profession. Keep on! Love to all. Fred Root sent me the article from the Associated Press on HL's "country kids" and "troubled schools." I surely can add our Amens to the results. John Manley, you look great!

Ruth Stewart: Some of you may remember us. My husband Paul, taught business subjects beginning in 9/46 in the old building on Main Street and I began working as the Secretary to Supervising Principal Stuart M. Townsend. Paul was Sr. Class Advisor, helped with the school newspaper, and the graduation yearbook, as well as other activities. We also chaperoned the Sr. Class trips to Washington, DC. We left Luzerne in the fall of 1951 when Paul accepted a position with NY Telephone. We moved several times, with our last move taking us to Clifton Park. Our family consists of three children (two daughters and one son) who have blessed us with four grandchildren and four great-grandchildren. Paul retired in 1983 and we took nice trips each year to see more of our beautiful country. He died in October, 1997 and I still live in our home in Clifton Park. We had many happy times while in Luzerne and have kept in touch with friends there. A lot of changes have taken place over the past 50 years for many of us, but we have many treasured memories of our time there.

Harry Horn: I spend November through March with my wife and three children in my home on the ocean in Thailand. From April to October I return to Lake George and oversee my businesses, "Around the World in 18 Holes" "Around the US in 18 Holes," the Pink Roof Soft Ice Cream", the "Lake George Batting Cage", and my new ice cream endeavor to be called "Harry's." My three children (ages 14, 12, and 7) attend Ruamrudee International School in Banckok. I still play golf a lot and my wife and children are taking lessons. I'd like to attend the Alumni Banquet this year. Hey, you know most people my age are dead – surely all are retired! But no me, I work 7 days and nights for 7 months. Guess this is what keeps me going!

Betsy Wilber: I am happy to report that my husband and I are now residents of Ormond Beach, FL, just north of Daytona Beach. Our home is five minutes from the ocean so a daily beach walk confirms that life is good. Dick's health required that we move to a warmer climate. We spent the month of February visiting friends and family in Arizona. We became quite skilled at identifying desert

cacti and eating Mexican food. A highlight was a day long trip into the Mohave desert in a four-wheel SUV. This summer our plans are to come back to NYS for a family reunion, spend a few days in Wells, ME and travel to the state of Washington to visit our daughter Robyn who will be married in the summer of 2002. Best wishes to each of you for health, happiness, and success in your endeavors.

Harriet Vroman: (Compliments of her daughter Elizabeth) I am living in Carmel, CA at an assisted living facility. One of my past times is playing bridge and I maintain an active social life, as much as is possible at 94!. I have 7 grandchildren and 5 great grandchildren and I look forward to their visits with "Grandma Harriet."

Carolee Parwana: I'm not sure how many of you had to deal with me as an Art teacher, but probably quite a few as I started out with more than 400 my first year and approximately 100 more each new year. Retirement is wonderful, don't let anyone tell you otherwise. Still...there are moments when I miss you all: the group who thought a delegation from Mars was on the roof observing teaching methods on earth; the ones who thought a crabby old elf was in my storage closet; the boy who fell apart with laughter when Brer Rabbit asked, "Where's a man supposed to spit?"; and the high school girl who was terrified I had hired the long-haired rock guitarist to play WILD THING to her in the cafeteria on her birthday. Mr. Stengel would not have been amused! Large eyes and larger imaginations may have led me to excess. I admit the fun and regret none of it. You were fun kids and always made me proud when we went anyplace.

"Everyone is trying to accomplish something big, not realizing that life is made up of little things." Frank A. Clark

IT'S NEVER TOO EARLY TO START THINKING ABOUT NEXT YEAR'S BANQUET. ANNIVERSARY YEAR ALUMNI (years ending in "7" and "2") MIGHT LIKE TO START GATHERING ADDRESSES TO BE SURE THAT AS MANY OF THEIR CLASSMATES AS POSSIBLE ATTEND. TENTATIVE DATE IS JUNE 15, 2002

We are looking for information/addresses for anniversary classes for the 2002 Alumni reunion:

Class of '42: Blanche Ovitt and Leon Ormsby

Class of '52: Ernestine Cowles, Sallie Finch, Naomi Cooper, Jean Hastings, Joan Hyde, Doris Willard, Tom Cheyer

Class of '57: Doris Hayes

Class of '62: Bruce Wood, Linda Shippee, Sharon Champagne, MaryLou Dingman

Class of '67: Gilbert Atwood, Bob Estel, Barb Fiero, Linda O'Rourke, Oscar Sarmiento, Patty Zubal, Taffy Norkett, Susan Allen, Neil Fisk

Class of '72: Susan Bennett, Deborah Clute, Paula Greenwood, Jennifer Harris, Jim Morgan, Mary Nason, Pat Sager, Jane Wendell

Class of '77: Shanda Allen, Tricia Allen, Craig Cairo, Bob Fowler, Jeff Graulich, Ken Ives, Paula Ives, Nicholas Manganiello, Crystal McNeil, Donna Mehan, Talia Millington, Anna Turner, Carl Watkins, Jody Woodin, Kevin Young

Class of '82: Jennifer Allison, Mike Belanger, Richard Birkhan, Patrick Brady, Cindy Braman, Brian Clugson, Myra Coon, Theresa Dittmar, Bruce Ellis, Kelly Gebo, Anthony Fortner, Jeff Hall, Edward Harris, Paul Hensley, Leah Kenny, Bill Mack, Bill Meissne, Barb Morrissey, Bob Nevins, Karl Othmer, Lisa Parker, Bill Parker, Lisa Pritchard, Jessica Richards, Richard Reubel, Jim Stewart, Amy Vickery, Michael White, Michelle Young

Class of '87: Gloria Allen, Matt Bovee, Joy Brooks, Michele Caldwell, Tracey Clothier, John Curley, Julie Cutbush, Brenda Duell, John Khadjorian, Teresa Lanfear, Rebecca Mosher, Duane Moulton, Adam Podwirny, John Rooney, Kim Sahiem, Shayne Steinauer, Karen Vanderwarker, Chris Waite, Wilfred Wyman

Class of '92: all

Class of '97: all

Please help us if you can. Call the school (518-696-6100) or drop us a line.

BANQUET RESERVATION FORM

Dinner will be from the buffet table, including Lasagna, Stuffed Breast of Chicken, Seafood Newburg, Roast Beef carving station, assorted salads, vegetable du jour. Tossed salad will be served at the table, along with beverages and dessert. Hors d'oeuvres will precede dinner.

The cost of the dinner is \$25 per person.

Number of Persons: _____ (@ \$25/person) \$ _____
